Dear Mr Beresford,

**Re: Primary Design and Technology DATA/TTA/UCE 10 day extended course.**

Thank you for accepting a place on the above course at Roehampton University. We are very pleased to be able to offer the course and hope you will find it valuable and enjoyable.

As you know the first session is on Tuesday 6<sup>th</sup> December. All sessions will be held in the D&T Centre in the Brearley Building, Froebel College, Roehampton Lane and will run from 9.15 – 4.15. Coffee and lunch will be provided. I enclose a map of the area and of the Froebel College Campus. When you arrive please go to the Reception in Grove House, which is on the left as you drive into Froebel College. They will give you a parking permit and direct you to the Brearley Building.

My colleagues and I look forward to see you on the 6<sup>th</sup> December. Please contact me if you have any queries.

Yours sincerely

Martin Seidel  
(Design and Technology Subject Leader)
